24 hours, 7 days a week

An Approved Aged Care Provider

Our AQ Gordon Park Multi Service Centre, which operates from beautiful Queensland style cottages offer homely and secure respite 24/7.

Our homes are suitable for all Older Australians, including people with a diagnosis of dementia, who are seeking opportunities for social and community engagement.

We also offer centre-based and in-home respite care, which gives carers and families a break to recharge and attend to daily life, safe in the knowledge their loved one is being well looked after.

Centre-based respite & social support

Accessed hourly or daily, our respite services provide social interaction for our clients, and a break for their carers. Our clients participate in social and meaningful activities, small group outings, community functions and local clubs, all tailored to meeting the interests of each individual.

We also offer our clients assistance with shopping and medication management.

Overnight & emergency respite

Families may access respite for up to a week. All meals and activities are provided through our Centre, and can be arranged at relatively short notice.

In-home respite & personal care

We can provide a companion in the comfort of a client's own home for a short period of time while the carer takes a break. Personal hygiene, dressing or meal preparation can also be provided by one of our highly qualified staff.

Allied health

Funded allied health services, such as at home occupational therapy, physiotherapy, podiatry and speech therapy are available to clients in the local area and aim to maintain, or restore wellness and independence.
